was intended solely for light reading a midsommer; but a second glood to we that it contains as well much of scrimus interest. The scound capes by the special commissioner sent by The Cosmopolitan to India to is a tale, the like of which has never before appeared

The New Mexico and Arizona ranges for next winter's fenders, are now practically exhausted. The spring movement of cattle to northern matures has been the largest in ten years has closed and everything will settle down till fail. Everything in the way of marketable atock now on the ranges has been contracted for October delivery, and these best posted say that when the fall drive closes there will be forces best cattle in luses there will be fewer beef cattle to

burg papers seem to be unmindful of the fact that the late legislature passed a law exempting from taxation, ameliers and sundry other enterprises which are calculated to develop the resources of a county. Perhaps the recetary of the tarritory overlooked these publishers when he was souding out the new law.

No, we were not "overlooked;" the secretary of the territory very kindly remembered us and we have read the law referred to, which duty it is quite evident from the above article, the editor

tent from the above article, the editor of the Eagle has not yet performed. The section of law referring to exemption from taxation is given below:

"That all sugar best factories, wellen sills, smelters, radging and reduction works or plants hereafter erected for the You can bank on Deming.

September 24th and 25th are the dates ill should keep in mind.

The Canadian government will surge a railroad into Klondyka.

Works or plants hereafter erected for the purpose of treating ores in the Territory of New Mexico, together with all made it is therefore proposed that an effort be made to raise funds by private substantially and used therein including real estate, not exceeding one hundred acres for each factory or mill and upon which such an exhibit of the products of Grant such an exhibit of the products of Grant county as will be creditable and result in a such an exhibit of the products of Grant such an exhibit of the products of Grant county as will be creditable and result in a such an exhibit of the products of Grant county as will be creditable and result in a such an exhibit of the products of Grant county as will be creditable and result in a such an exhibit of the products of Grant county as will be creditable and result in a such an exhibit of the products of Grant county as will be creditable and result in a such as exhibits of the products of Grant county as will be creditable and result in a such as exhibits of the products of Grant county as will be creditable and result in a such as exhibits of the products of Grant county as will be creditable and county as will be creditable. be exempt from taxation as fellows, to-

> "These factories, mills, smelters and reduction works which may be commenced in good faith and in a substan January 1898, shall be exempt from taxation for a period of six years after the completion thereof and all of said facories which shal' be erected and operated in good faith and in a substantial nanner before the first day of January

It will be noticed that the law above quoted plainly states that such smelters in any manner, for the exemption from taxation of such enterprises that were running to full blast prior to the passage The Rio Grande dam case has been aper and nor are we thoroughly posted on pealed to the Supreme Court of the ter- the many and uncertain ways that the iftery and will be passed upon during laws of New Mexico may be construed, but it is quite certain that the intent of the exemption law referred to was not to The statehood question is again calling throw all such autorprises in New Mexforth discussion in the columns of the loo in total eclipse except such as might regard to the high prices paid for the argument after there is some prospect of alike to all sections, so that if the Silver country without giving any stated city Reduction works, which has been figures, but a price list recently furnishing for the past two years, is entitled the St. Louis Republic by a corres-Mes of experience and wisdom will wait ed to come in and claim exemption un-pendent of that paper who is on the matil spring when more complete infor- der that act, the Deming Sampler and ground, will tend to reduce the temper mation concerning the newly discovered the Tanning Extract Works, located ature of the Klondyke favor suffarors of gold regions will be available.

In speaking of the increased mineral production for 1897, the Mining and

Scientific Press suys:

In Arizona, New Mexico, Nevada,
Montana and Idaho, more capital has
been invested within the last eighteen menths than for half a decade before.

"Altogether, in the old districts, not only those which have continued their autput, but many which have been adandoued-and in new districts the world over there is greater notivity and evidence of an increase of yield than there were last year, It is altogether sie, he is still retained under the civil too early to predict how much the increase will be over the output of 1896 The republican newspapers of the doubt. What is best is the fact that deterritory do not appear to be as en-shusiastic over the federal appointments sure a large yield for years to come and

In a long-winded letter to the Lan Vegas Optic D. P. Carr informs the read-ing public that the silver cause has inte-ly deceased and states that in hie opinion it will be a long time dead. Now, D. P. ought to know what he is talking about for he was such a warm personal friend Men's minds may be inflamed by the should be felly to presume that he was anywhere but by its bedeited during its least sickness, and yet we are strong in the mild than will coel down and abandon the curbeltef that D. P. has been dreaming for gold. Then they will seek to unearth the hearrie of the American people some of the treasure that abounds in the marrie favored clims of New Mexice.

In an much as the present depleted condition of the county treasury will not permit of any appropriation being made lowerd making an exhibit of Grant coun-ty's products at the Territorial Fair in September, and as it would burdly be proper to have our county omitted from

proper to have our county omitted from
the exhibition, it is generally agreed
that a private effort should be made to
have our county properly represented.

We can, with liberal assistance from
the generous citizens of the county,
make a showing, which would not only
benefit us methorally, but would reduced
to the benefit of the territory at large.

closes there will be fewer beef cattle in New Mexico and Arizona, than at any previous thus in the history of the cattle business in the bistory of the territories.

NO ECLIPAL INTENDED.

The editor of the Silver City Bugis, that glorious bird of prey, flew off his territory and such sums see subscribed will be appreciated and grainfully acknowledge ed. All sums as subscribed may be turned over to the publishers of the county, somy perch, in that mountain town, inst Wednesday with the following article:

"The editors of the Deming and Lords burg papers seem to be unmindful of the fact that the late legislature passed a Deming or the Silver City Nathonal Dening or the Silver City National Bank, which institutions will receipt for

The attention of the reading public is called to the following circular letter, which fully explains the cituation:

"Silver City, N. M., July 25th, 1807. To the Miners, Stockmen, Ranchers, Fruitgrowers and Business men of

Grant county:
Owing to the disaucial condition of the county so funds can be drawn from the public treasury in sid of making an exhibit of the products of the county at the Territorial Fair to be held at Albuquerque, in September, but all will agree that this opportunity to attract the attention of the thousands who will attend in great benefit to all our industries, and to pay the expense of Reeping such an exhibit in charge of a competent and re-

liable man during the Fair.

There is no reason why Grant county may not, with proper effort, ascure more than one of the premiums offered for exhibits, thereby reducing the expense of making such exhibit,

The amount required is estimated at less than five hundred dollars and surely there will be no difficulty in raising this

anial sum for so worthy a purpose.

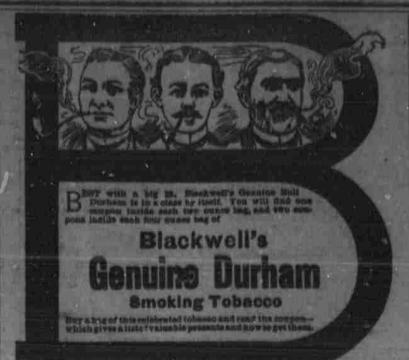

The newspaper publishers of Grant county will receive and receipt for all contributions, publishing the names of etc. Acreafter erected, shall be exempt the donors, unless objected to and will from taxation etc., but does not provide, undertake to see that the money is proundertake to see that the money is properly, expended for the purpose for which it is contributed."

RLONDYRE PRICES.

A great deal has been said recently in be located in Silver City, but applies necessaries of life in the Klondyke

From the above showing it would ap pear that there is a fine opening in that section for a susmill and a genera merchandise establishment.
